

NPCSS - Heriot Watt - Edinburgh

J & D Pierce (Contracts) Ltd were awarded the 1700t steelwork package for the new National Performance Centre for Sport Scotland / Heriot Watt University. The award from Bowmer & Kirkland follows our re-engineering, with Engenuiti of the feature roof structure inspired by the angle and trajectory of the free kick taken by Roberto Carlos for Brazil against France in the 1997.

- **Circa 1,700t Mixed Structural Curved Hollow Sections Forming Trusses**
